

In Touch With You

Parkstone Ave- County park Estate- Squirrels Heath Rd- Hillview Ave,
Wingletye Lane- Herbert Road- Tyle Green- Berther Road

May 2018

THANK YOU EMERSON PARK

FROM YOUR COUNCILLORS

Now that the Local Elections are over we have great pleasure to announce that all three Conservatives were elected to represent you in the ward.

The defeated candidates included three fielded by an Upmminster based **political** Residents Association who like us, are registered with the Electoral Commission as a political party under registration number:PP38. Please follow the link-<http://search.electoralcommission.org.uk/Registrations/PP38> to verify this for yourself.

For new Councillors, Bob Perry & Matt Sutton this was their first election for Emerson Park but both have worked tirelessly for the community behind the scenes for ten and eight years respectively.

In the weeks leading up to the election, our candidates gratefully received help and support from our hard working and dedicated team of volunteers. The candidates visited every road within the ward and had the pleasure of speaking to many local residents. Since the previous election in 2014, they have undertaken many individual issues for residents and now as Councillors we pledge to continue to do this. They also explained the Conservative policies for the future, including the intention of to step up capital spending on our roads and pavements.

Your Councillors will join the strengthened Conservative group in the town hall and will fight in the best interests of our ward and Hornchurch, but most importantly of all, **you!**

HORNCHURCH POLICE STATION

Following **OUR** campaign over many months to save 'Hornchurch Police Station' Conservative led Havering Council, earlier this year, launched a legal challenge against the London Mayor Sadiq Khan and the Metropolitan Police plans to close our police station and all local Police team offices with the exception of Elm Park.

Because of reporting restrictions during the local election period it has not been possible to say much about the progress on this issue. We are pleased to say however that in meetings between officials the end result looks very encouraging.

As a result of these meetings it would appear at this stage that it may well be possible to reach a compromise which would enable the Council to acquire the existing property. There is also the opportunity to incorporate some public access to Council services on the site, which of course will be very beneficial to residents in this part of the borough.

Despite recent claims by the opposition that the deal had been done and we were merely seeking votes, we remain hopeful in ensuring a police presence here in Hornchurch.

'Your only voice in Emerson Park' ...

KEITH'S CORNER

May I start by congratulating Councillor Roger Ramsey on being returned to represent Emerson Park Ward and welcome Councillors Bob Perry and Matt Sutton as your new representatives. I know all personally and have no doubt they will do an excellent job representing you for the next four years and work hard to improve the Area.

I am working with TfL to improve disabled access and the appearance of Hornchurch Station which is looking a little tired to say the least.

I am also pressing TfL for a Pedestrian phase at Ardleigh Green Lights and have had meetings with local schools to make crossing the A127 Arterial road safer.

Additionally I am asking for regular updates to ensure they deliver the new bridges to the revised timetable.

Moving away from politics I have attended a number of shows at the Queens Theatre in Hornchurch recently, including the latest Pricilla Queen of the Desert. I have to say the standard was amazing and as good as any West End show

I remember the Q as it was known when it opened in the 1970's as an exciting, vibrant place with innovative shows, which continues to this day. If you have not been recently you really must go and enjoy all the great things the Queens Theatre has to offer!

Keith Prince AM Havering & Redbridge

ACCIDENT REDUCTION PLAN

As part of this year's Transport for London-funded casualty reduction programme, a project has been launched which is proposing to reduce road accidents along Brentwood Road.

There have been fifty one personal injury accidents in Brentwood Road over the last five years. Of these fifty one PIA's, one resulted in a fatality, three were serious, fifteen involved pedestrians, twelve involved children and eight occurred during the hours of darkness.

In order to reduce this number of road traffic accidents, the proposals include, humped zebra crossings, speed cushions, pedestrian refuge points and together with clearer road markings.

Your local Councillors support any scheme that will improve the safety of residents and a proposed consultation will be implemented very shortly.

THE CROWN IS BACK

Returning for a second year, the crown is back in Langtons Gardens. This popular display has been funded by external sponsorship and will be in place until November.

For those green fingered folk who have an interest as to which plants are used, there's a mixture of Alpine & Succulents including Sedum, Echeverias & Alternanthera. These are clipped throughout the season to enhance the colours.

Our special thanks go out to dedicated Grounds maintenance team who have worked extremely hard to get them installed ahead of the Royal Wedding.

EMERSON PARK CONSERVATIVES "OTHERS TALK, WE DELIVER"

JOIN YOUR LOCAL CONSERVATIVES

With the Labour Party falling into the hands of Jeremy Corbyn's radical left and UKIP having lost its reason to exist, Conservative membership locally is rapidly increasing.

To protect our Country and our Borough, a strong and reasonable voice is needed. Elected representatives without reliable policies fail to provide that. If you feel that you could be that future voice why not get involved with us and join our growing band of friends and activists.

*If you wish to become involved with your Local Conservatives please contact **Chris Sutton** at the address below or alternatively email him at:*
