

## We're working together to get things done

### Dominic Swan

As an Emerson Park resident, I understand local issues. I went to Campion School, and have lived in Havering for over 50 years.

I want to use the skills I've gained as the Global Chief Investment Officer for HSBC Asset Management's Private Debt Business to help improve the Council's finances, investments and housing strategy. I oppose overdevelopment in residential areas such as Emerson Park, and will fight to protect our green spaces and local amenities.

With my experience, of regularly meeting Cabinet Ministers, I will be a strong champion for Emerson Park,

I also worked with Julia Lopez MP and led the campaign to stop Emerson Park being moved to Romford.

### Dr Noshaba Khiljee

Having lived in Emerson Park for over 13 years, and my family living here for over 40 years, I know the issues that our community faces.

If elected, I will work with Julia Lopez MP and the 2,155 of extra police that the Government has recruited in London to tackle our crime rates in the Borough.

I will also ensure that we keep our weekly bin collections, so we can reduce litter and fly-tipping on our streets.

I will also oppose any plan to destroy our green spaces, and invest more money to repair our roads and pavements.

As a medical consultant, who started my medical training in Barking, Havering and Redbridge NHS, I also know how important it is to work with our MP to improve local healthcare.

## Your Conservative Action Team

Working together for

## Emerson Park

## We're working together to get stuff done

We're working together with Julia Lopez MP and Keith Prince AM to deliver the joined-up plan that our community needs.

A vote for anyone else risks politicians arguing, more delay and no action on local issues.

# Conservatives Councillors can work with our Conservative MP to get things done.

## Keep Emerson Park here

We've led the campaign to stop Emerson Park being moved to Romford.

Almost 1000 local residents have joined our petition to keep Emerson park in Hornchurch and Upminster.

## Clean up Emerson Park

With a zero tolerance to litter and fly tipping. Maintaining our weekly bin collection and repair our roads and pavements.

## Fight Over-development

Oppose any plan to impose inner city style high-rise developments. We should build quality homes for local people instead.

## Fight Labour's M25 tax

Fight the Mayor's plans to impose his Ultra Low Emissions Zone (ULEZ) on Emerson Park residents, and M25 Boundary Tax which will crush local business.

## Cut Crime in Emerson Park

Work with Julia Lopez MP and the 2,155 of extra police that the Government has recruited in London to tackle crime rates in the Borough.

## Keep Council Tax low

Continue to provide good local public services, keep council tax low and get value for money for local residents.

## We can only get things done by having a joined-up plan.

**That means politicians working together. No arguments or point scoring. Just taking action on local issues.**

You have TWO votes at this election. For your local Borough Councillor's in Emerson Park.

**Use it to vote Conservative.**

So we can work together with Julia Lopez MP and Keith Prince AM to deliver the joined-up plan that our community needs.

A vote for anyone else risks politicians arguing, more delay and no action on local issues.

**On Thursday 5th May  
use your vote for**
